Description: This Quick Guide provides the steps necessary to move between Banner and its integrated system, ApplicationXtender in four different scenarios.

Note: This integration works for the baseline tracking requirements tracking for Financial Aid and for Admissions. There are four scenarios for moving between systems:

- Scenario #1: Banner 8 Forms to AppX Document Manager 16.3
- Scenario #2: Banner 8 Forms to AppX WebXtender 16.3
- Scenario #3: Banner 9 Admin forms to AppX Document Manager 16.3
- Scenario #4: Banner 9 Admin Forms to AppX WebXtender 16.3

Scenario 1: Banner 8 Forms to AppX Document Manager 16.3

1. Log into Banner 8 Forms.

2. Load Financial Aid tracking requirements for a student.

Note: Your browser's settings may automatically block pop-ups. Change these settings to allow pop-ups to appear on the browser.

• You may allow pop-ups on Google Chrome by clicking the icon in the address bar:

 Click on that tiny little box and when the pop-up box appears, tell Chrome to always allow pop-ups from the server:

 You may allow pop-ups on Firefox by reviewing the following message displayed upon denying a pop-up on screen:

Click on the options button and select the option 'Allow pop-ups for banner.yale.edu'.

- 4. This will open another window in your browser with the pop-up. The pop-up will be the INB-AX bridge asking for permission to run. Click 'Open Link'. The system will do this for every document you retrieve from within Banner, so it's possible you could have many additional tabs opened up in your browser.
 - Note: If you don't want to see this pop-up message window every time you open a document from Banner, click the box for 'Remember my choice for inbaxbridge links'.
